Pressure Washers

9HP Yanmar L100 AE Diesel Engine
Water flow Rate 450-900 Liters/h
Pressure 40-200/4-20 bar/Mpa
Max. temp. 140/80°C
Connected load 9 HP
Weight 185kg
Dimensions in mm 1130 L x 750 W x 855 H

The HDS 1000 DE Cage is diesel-fuelled hot water High-Pressure Cleaner built with a sturdy tubular frame for mechanical handling with fork lifts or cranes. The convenient start mechanism means the electric starter has the engine running in seconds. Features of the unit include the automatic engine shut down facility if the oil level drops below minimum, an additional manual starter, float tank, anti-scale protection, and infinitely variable pressure and water flow rate.

FDX 16/200 D

FDX 16/200D Water Blaster - Diesel Yanmar 11hp, 16 l/min, 2900 psi

Specifications

Engine 11hp Yanmar diesel engine with electric start
Hose 10m hose with gun and double barrel lance
HP 11
Kw 8.1
Litres/Min 16
Max Pressure - bar 200
Max Pressure - psi 2900
Pump ZWD pump, ceramic sleeved pistons, brass manifold
Pump rpm 1560

Cleaning equipment

Hot water steam cleaner therm1160

- Switch-off spray-gun with handgrip
- Continuously adjustable pressure control
- Total-stop function with delayed motor cut-out
- 4way safety system with overload protection
- 35L fuel tank with content monitoring
- Detergent tank, external
- Integrated steam level
- Pre-aeration of combustion chamber
- With reel and 20m high-pressure hose

All dimensions are without the reel!

All the cleaners comes with integrated hose drum:
Never again entangled or carelessly layed down high-pressure hoses, that have to be detected or disentangled before starting work.

Operating pressure, adj.:	Max. 160 bar
Admissible overpressure:	175 bar
Water output:	Max 1160 l/h
Hot water output temp.:	30°C-90°C
Steam level	Max. 150°C
Input:	400V/12,5A/50Hz
Weight:	220kg
Dimensions WxLxH in mm:	800x1200x1050

Hot water steam cleaner therm C

- Total-stop device with delayed motor cut-out
- 4way safety system with overload protection
- continuously adjustable temp control
- continuously adjustable pressure control from outside of the machine
- integrated steam level
- pre-aeration of combustion chamber
- 25L fuel tank with content monitoring
- brass pump head
- dry-run safety
- ceramic-coated pump plungers
- spray-gun with safety cut-out
- spray-lance with stainless steel pipe
- receptacle for spray-gun, lance and dirtkiller
- detergent injector with filter

Operating pressure, adj.:	30-150 bar 435-2175PSI
Admissible overpressure:	170 bar = 2465 PSI
Water output:	900 l/h = 236 gal/h
Hot water output temp.:	12°C-80°C
Steam level:	Max. 140°C
Fuel tank:	25L = 7 gal
Input:	400V/8,7A,
Weight:	150kg
Dimensions WxLxH in mm:	590x790x980

Motor Pool Safety Equipment

Portable safety shower with eye-washer device

- Audio-visual alarm device
- With curtain
- 750L tank capacity
- heated tank for outdoor-use (with safety thermostat)
- incl. warning- and information signs
- water level indicator
- white or green paneling fitted to 3 sides of legs
- galvanized steel “walk-on” panel type foot control suitable for use in non flameproof areas

Mobile self-contained Emergency Eye/Face wash Fountain

- Delivers water for over 5 minutes
- Optiflex Eye, Face and Body Shower
- pressure gauge is fitted to indicate when the cylinder is full
- steel cylinder is polypropylene lined to avoid internal corrosion
- exterior is painted with acid resistant white enamel paint
