## Mobile Arms Storage System

**Portable Armory/Arms Room in a 20 ft ISO/CSC Certified Security Container; deployable by PLS, ship & train, walls are insulated and panelled with non-flammable material, 220v outlets, overhead lighting, circuit breaker box, outside junction box for external power source, climate control unit, electric heater & Intrusion Detection System**

Deployable Arms Room Containers accommodate rifles and shotguns with launchers, scopes, optics and other accessories, also small arms and gun cases. 20 ft container has lifting eyelets for transfer to transport vehicles. Heavy-service, solid steel construction; secure weapons horizontally or vertically in Cabinets that can be reconfigured instantly. Making this the rapid access gun storage unit of choice for the Military, National Guard, Police Departments, and Correctional Facilities.

Intrusion Detection System with integrated Smoke Detector. Comes with touchtone keypad, sirens & strobes, interior motion sensors and an inside control panel. All components are supplied with a 3 year battery so no power source is needed

Air conditioning and dehumidification unit for the container is also available.
